

# CHILDREN'S MEMORIAL PARK

*"As long as we live, they too will live;  
For they are now a part of us,  
As we remember them."*

Children's Memorial Park is a fitting tribute to the children loved and lost in our community. This Pima County park, near River and Oracle, at 4851 15th Place, was formerly known as Edgewater Park. After being destroyed by the 1983 flood, it was rebuilt as part of the Rillito River Linear Park and rededicated as *Children's Memorial Park* on November 14, 1987.

The Children's Memorial Plaza, set off from the more active areas of the park, provides an opportunity for quiet reflection to remember the children who have died. The memorial consists of three granite tablets on which the names of the children are engraved and is centered around a sculpture called "Omni", which was created in 1978 by 700 boys and girls at a summer camp.

The park also contains a playground, bike path, exercise trail, a sports court, a multi-use sports field, picnic areas and group ramadas.

To have your child's name engraved, please return the completed engraving request form, and your payment of \$4.00 per letter to:
